CS 290 -Winter 2020
Final Project Proposal

- The theme for the website: my two cats, Dapang and Erpang.

- Homepage:
  1. Picture carousel animation: some picture of both Dapang and Erpang.
     - slideshow effect;
     - autoscroll;
     - have forward and back buttons.
  2. A horizontal menu that leads to the other pages.
  3. One button to download files: Dapang and Erpang's pictures.
  4. A link that can click and leads to outside webpages: some cat adoption webset.

- Subpage 1: introduction of Dapang
  1. A scroll box: some text with pictures of Dapang.
     - a scroll bar to allow users rolling it up and down.
  2. Unordered HTML list with several entries: some basic information about Dapang, like breed, color, age, gender and weight.
  3. A horizontal menu that leads to the other pages.

- Subpage 2: introduction of Erpang
  1. A scroll box: some text with pictures of Erpang.
     - a scroll bar to allow users rolling it up and down.
  2. Unordered HTML list with several entries: some basic information about Erpang, like breed, color, age, gender and weight.
  3. A horizontal menu that leads to the other pages.

- Subpage 3: a little survy
  1. A form either submit via get or post: a short survey about which cat do you like better, do you have cats and will you adopt a cat in the future.
  2. A horizontal menu that leads to the other pages.
